TALKING SAUCY.

The North German *Gazette* in an editorial attacks the advice recently given to France by the London *Times*, to relinquish her colonial enterprises and concentrate her forces at home, which means, according to the *Gazette*, against Germany. The *Times*, the article said, would show greater political wisdom by refraining from childish attacks on the *Gazette*. If the *Times* retained its former acumen it would perceive that the recent article in the *Gazette* was written to maintain peace and help lessen the tension between Germany and France.

AFTER IRELAND'S INDEPENDENCE.

A demonstration under the auspices of the Irish National League was held at Waterford yesterday, in which several well known agitators took part. Michael Davitt, in a speech, said the object of the League was to achieve national independence for Ireland. At a banquet in the evening, Richard Power, a member of Parliament for Waterford city, replying to a toast, "Ireland as a nation," described England as a nation insulted by France, hated by Europe, and harassed and embarrassed by Ireland.

EDITORIAL NOTES.

A telegram was sent yesterday from Paris to Pekin asking the minister to sound the Chinese Government on the subject of American arbitration, if such was suggested by the French. Earl Granville is urging British arbitration. A foreign dispatch may have been sent, but it is most unlikely that it emanated from an official source.

The officers of the Postoffice Department express the opinion that the inadvertence of Congress in making the law to regulate postmasters' salaries go into effect at once instead of the first of November, the date fixed for the reduction in letter postage, will cost the Government \$1,500,000 in increased salaries.

The Vatican has adopted a very important decision in regard to the Church question in Prussia, which will permit the removal of misunderstandings between Prussia and the Pope.

FOREIGN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

Uneasy Europe.

AGRAM, September 10. A crowd of persons yesterday smashed the windows of a cafe and several houses occupied by Jews. The military fired on the mob. Several rioters were arrested. The disorder was not suppressed until 2 o'clock this morning. The communal elections to-morrow are postponed through fear of further outbreaks. Collisions also occurred in the country districts between the peasants and gens d'armes, and several of the former were killed and wounded.

The Germans to the Front.

BERLIN, September 9. The German Admiralty has sent orders to Admiral Goltz, commanding the German squadron in the East, to concentrate his vessels at Hong Kong, and then proceed to different treaty ports. This display of the German flag, it is expected, will have a salutary effect on the natives, in view of the possibility of another outbreak against foreigners.

Mediation Denied.

PARIS, Sept. 9. It is stated that Marquis Thong has telegraphed Pekin for further consideration of the basis proposed by him and Chalmers Lecour for the settlement of the Tonquin question and an answer is expected Thursday. It is denied that England or America has offered to mediate between France and China.

The London *Times* fears that the large number of French troops being sent to Chinese waters may thwart the efforts being made for a peaceful solution of the trouble.

EASTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

C. P. Huntington Disclaims.

New York, September 10. When the attention of C. P. Huntington was called to the charge made by Dorsey that he and Gould had bought Stanley Matthews his seat on the Supreme Bench, Huntington replied: "I recollect seeing such reference in connection with Garfield and Matthews, but so far as I am concerned, it is utterly lacking in truth." "Did you ever have any conversation with Garfield relative to the appointment of Matthews to the Supreme Bench?" "I never did. Was there any understanding, arrangement, agreement or bargain, or anything of that kind by which Garfield promised to place Matthews or any other person on the Supreme Bench in consideration of your financial assistance in the campaign?" "No; I had a slight acquaintance with Matthews when he was associated as counsel with Tom Scott in the Texas Pacific, with which I was identified. I then learned to respect his talents. I have not contributed much money for campaign purposes since the war; I used to pay something for political purposes before that, but not since. I do not think there are any marked issues between the two political parties now, except those alluded to in the Scriptures, loaves and fishes, and the consequence is that of recent years I have done about as much for the Democratic party as for the Republican. I have not felt myself called upon to take much notice of these statements because I have never paid any attention to what came from the ranch in New Mexico, but I am always glad to tell what I know about such matters when it will do any good or set anybody right.

Holsted by His Own Petard.

SALT LAKE, September 10. Yesterday afternoon J. W. Deering, fireman, and D. L. Ames, an engineer on the Denver and Rio Grande, were out fishing on the Jordan river, and employed giant powder in catching the fish. The powder exploded prematurely, and Deering had both his legs and one arm blown off. Ames, with the assistance of several others, removed the unfortunate man to St. Mark's Hospital, in this city, where he suffered extreme pain, and died at 7:30 last night. Deering was violating the law which prohibits the use of giant powder for the purpose of catching fish.

Dirty Mormon Emigrants.

NEW YORK, September 10. The steamship Nevada brought to this port to-day 600 Swedish proselytes to Mormonism, out of a passenger list of 882. Health officer Sanborn regards these emigrants to be one of the foulest crowds he had ever examined. Some of them were crippled, and at least one was blind, and all were dirty Mormons. They come under the charge of about 20 elders, at the head of them was Elder P. F. Gross. They were obliged to remain on board the ship to-night, but will be forwarded at the first opportunity.

Bold Ben Butler Building Up.

BOSTON, September 10. Mrs. Stonewall Jackson, widow of the famous Confederate General, arrived from New York Saturday evening. The lady and daughter are guests of Governor Butler. At a breakfast Sunday, over which the Governor presided, were Governor Jarvis and wife, Lord Coleridge, Mrs. Jackson, Mrs. McGhee, Lieutenant McClellan, Miss Julia Jackson and J. D. Johnson.

Terribly Shocked.

BRIDGEPORT, Conn., September 9. Captain Nathan Clark, father of Rose Clark Ambler, who was murdered last Sunday night, arrived with his schooner this morning. He had not previously heard of his daughter's murder, and was terribly shocked.

Saved the County Doing It.

LOUISVILLE, September 10. At 7:30 Saturday evening Constantine Mordt, confined in jail for wife murder, hanged himself. The murder was a horrible one. The woman's throat was cut from ear to ear with a hatchet.

Sunday Services.

QUINCY, Ill., September 10. Early yesterday morning an attempt was made to blow up Rev. C. A. Oberhain, the organizer of a sect known as the Pilgrims, who are offensively polygamous.

Judge Jere Bisek's Last Words.

PHILADELPHIA, September 10. The Press prints a seven-column article, giving Judge Bisek's posthumous reply to Jeff Davis' recent attack upon him. His response to Davis' criticisms forms but a small part of the paper. He maintains his former opinion in relation to secession and is very severe on the acts of the ex-Confederate President and those who acted with him. He asserted that Davis was talking peace and planning war. The most important part of the article relates to his association with Buchanan during the last three months of his administration. The differences

between them are described, and much of the inner-history of that period, in forcible and entertaining words, but the most important feature of this article is Judge Black's dramatic story of the Cabinet crisis in 1860, which is given in full. It tells of Buchanan's position on secession, and denies that his letters to the South Carolina Commission acknowledged the right of a State to secede. The article places Judge Black in a new light before the country.

WESTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

The San Francisco Pulpit on Beecher.

SAN FRANCISCO, September 10. The pastors of many of the churches in this city last night severely criticized Henry Ward Beecher and his doctrines. Some of them describe him as a "fallen church star;" others characterize him as nothing better than a "sounding brass and a tinkling cymbal;" others, again, claimed that his doctrine of evolution presents nothing, and that all he advances has been long ago told by men of greater intelligence than even he possesses.

Madness Making in California.

SAN FRANCISCO, September 10. Another band of Armenians have arrived to settle in the Fresno colony. There were 28 in all, men, women and children, and they have been selected for their knowledge of alfalfa curing. They leave to-day for Fresno, where an Armenian colony has been established.

Admission Day.

SAN FRANCISCO, September 10. Business throughout the city is suspended in the celebration of Admission Day. The prominent event is an excursion of the Society of pioneers to Monterey. The Territorial pioneers will give an entertainment this evening.

California State Fair.

SACRAMENTO, September 10. The State Fair opened to-day, and there is every prospect of its being a greater success than any in the past; the new pavilion being better arranged and giving greater accommodation.

Judge Thomas, Lasperre City Attorney and at one time a member of the California Legislature, died yesterday morning of pneumonia, at Battle City.

It is reported that the Chinese are erecting defenses between Canton and the mouth of the river. The question now is not will there be war, but when and where will it commence.

Colonel Godfrey of the Utah Commission, says they, the Commissioners, will make several recommendations to Congress relative to future legislation for the suppression of polygamy; among other things that all marriages shall hereafter be solemnized in a public place, and a public record kept of the same. That the right of divorce shall only be enjoyed by the legal wife and the legitimate children.

HALL'S VEGETABLE

Hair Renewer.

Seldom does a popular remedy win such a
strong hold upon the public confidence as has
HALL'S HAIR RENEWER. The cases in which
it has accomplished a complete restoration of
color to the hair, and vigorous health to the
scalp, are innumerable.

Old people like it for its wonderful power to
restore to their whitening locks their original
color and beauty. Middle-aged people like it
because it prevents them from getting bald,
keeps dandruff away, and makes the hair
grow thick and strong. Young ladies like it
as a dressing because it gives the hair a beau-
tiful glossy lustre, and enables them to dress
it in whatever form they wish. Thus it is the
favorite of all, and it has become so simply
because it disappoints no one.

NOTES.

Five bars of bullion came in from the south yesterday.

The Reno Exchange is a good hotel. Read Mrs. Jones' ad.

A large number of families were on the west-bound emigrant train this morning.

All the latest music at Nasby's Bazaar, No. 27 Commercial Row. Thermometer at 7, 9, 11, 1 and 3-56, 70, 75, 80, 79.

Twelve car-loads of beef cattle went west Saturday night, and the same number passed Sunday, all having been shipped from Winnemucca.

If you don't feel the need of anything strong, Chielovitch & Co's bar-keepers know exactly how to construct the most harmless drink ever imbibed.

The Palace Hotel continues to gather in its full share of patronage. Nearly everybody seems to know where to get a good room and bed, good meals and good usage.

A Japanese on the west-bound emigrant train died this morning near Washoe. The corpse was taken off him, packed in ice, and shipped west on the express train.

You can buy enough of the very best calico at the store of F. Levy & Bro, for a dollar, to clothe a good sized family of girls. Also the best stock of carpeting ever seen in Reno.

I. Frederick, the jeweler, will move on the 15th inst. from Osburn & Shoemaker's, on Commercial Row, to the place next door to Myer's drug store, on Virginia street.

A complaint against Louis Boardman was made before Justice Young this morning by C. S. Varian for assault and battery on Bertie Varian. The case will be tried on Wednesday.

The cool nights of the past week has had no effect on either the manufacture or sale of the beer made by George Becker at the Pacific Brewery. Examine a sample at the Granite saloon on Commercial Row.

The best dried beef ever brought to Reno can be found at the store of J. K. Everett, which, by the aid of his patent, self-adjusting cutter, he will slice as thin as you want it, which will save labor, fingers and your temper.

Jamison is beginning to cash the new postal notes. They are not very pretty pieces of printing although the steel engraving is very fine. The paper is not handsome and the ink on one side is a dirty yellow and on the other a dull green.

That pile of goods received this morning by Lindley & Co. shows that the trade of that firm is in no way diminishing. It is difficult to understand where all these goods go to. People are fast learning that there is no economy in sending to California for groceries.

These cool mornings and evenings will remind you that you will soon need both a new cooking range and a nice parlor stove, which can be had at the store of Knowles & Bainbridge, on Commercial Row, at prices so low that you will not feel like getting along with your old stoves another day.

A VILE MURDER.

The Cortex Murderer Still at Large.

The Eureka Sentinel of the 8th inst. says: From Mr. Winzell, who arrived home from the Humboldt we learn that the killing of Redmond by Dave Martin at Cortex is considered there a cold-blooded, unprovoked murder. Mr. Sweeney, accompanied by several Indians, tracked the fugitive murderer from Cortex to the meadows on Dean's ranch, where the tracks were lost. Sheriff Sweeney arrested a man at Beoway yesterday for complicity in the murder. This man, with Martin and Redmond (the man killed), deprived the mill of three hands and Mr. Wenban had to shut it down. He says it was one of the vilest murders ever committed in the State, and he is exerting himself to the utmost to track out the murderer.

Watering Place Etiquette.

The True Nature says: A gentleman just returned from a round of the watering places, gives this summary of the etiquette of etiquette at such places: A first-class summer resort is one at which the cottagers will not speak to the hotel guests. A second-class resort is one at which the hotel guests will not speak to the cottagers. A third-class resort is one at which everybody tries to have a good time.

Taken to Cannon.

The little French boy who was shot in the knee a few days ago at Verdi, was this morning taken to Carson, to be placed under the care of Dr. Kessinger of that place. The little fellow, who is only 5 years and eight months old, bears up bravely, still there are serious fears of fatal results.

Get You Two and a Hair.

Myron C. Lake went to San Francisco yesterday. There is a tailor in Reno who says he made him a \$200 suit last week. Mr. Lake's private secretary says Mr. Lake will be in San Francisco on September 18th and when he comes back he will treat.

MINERS UNION PICNIC.

A Pleasant Holiday at Steamboat Springs Sunday.

The Miners Union picnic at Steamboat yesterday was undoubtedly the most successful of the season, good judges placing the number on the grounds at not less than 1,700 people. Fourteen cars were loaded at Virginia and Gold Hill, besides every four-wheeled vehicle in both places, except quartz wagons and hearses, was on the grounds. Ninety railroad tickets were sold in Reno besides an equal number who went by private conveyances. Some remarks were made about the noticeable absence of Carson people, which was generally accounted for upon the hypothesis that the day was Sunday. Notwithstanding the strong breeze which was blowing, the shooting was very fair, the Carson Guards carrying off the first prize, \$50 in gold, with a score of 419; the Emmets of Virginia were second, with a score of 412, and the Nevada Rifle Association, with a score of 402; each team consisting of 10 men, over a 200-yard range, off-hand and under Creedmoor rules. The best individual score, 46, was made by Jonathan Saffell of the Carsons; Burke of the Emmets made 44; and a man whose name was not obtained, of the Rifle Association, made 43. Miss Minnie Zapp of Gold Hill won the ladies' race, with Miss Sarah Bruce of Virginia second. The girls' race was won by Miss Mamie Caughlin of Gold Hill. The men's race of 200 yards was won by Sheehy of Gold Hill, in 23 seconds, Pete Musgrove of Carson, second. There is talk that these two racers will come together again, as Musgrove's friends think him the fastest man, but disinterested outsiders are of the opinion that the man who bets on Musgrove will lose, for Sheehy certainly had the worst of the start yesterday by many feet. Three others started in the race, but fell out on the way. Joe Hutton of Gold Hill won the boys' race, Kelly of the same place, second. The standing jump, without weights, was won by James Malley of Virginia City, distance 9 feet; Huff second, 8 feet. The running jump was won by H. Piper of Virginia, by a jump of 15 feet 8 inches. The blindfold race was won by George Smith of Gold Hill, John Curran second. The sack race was won by Adam Hardy of Carson. The crowd was generally very orderly, no arrests being made during the entire day. The precautions taken, by the appointment of a large corps of Deputy Sheriffs, probably had a restraining effect upon the hoodlum class. Altogether, the picnic was a complete success, when all things are considered, all expenses having been paid, and the committee think there will be a surplus of at least \$300 left. Charley Mueller, the proprietor of the Springs, took in over \$1,000, besides what he received for privileges.

Modoc Items.

The Modoc Independent of the 6th instant contains the following: The average yield of grain in Big valley is from 20 to 25 bushels per acre.

The new church is beginning to loom up. F. R. Nichols, the builder, is a good workman, and will make this building a credit to Alturas.

Two threshing machines are now running in the Davis creek and Lindale country, and the crops in those neighborhoods will soon be all threshed.

All of the farmers in this section are well provided with hay, and unless the coming winter should be an exceedingly heavy one there will be plenty for all purposes.

The Board of Supervisors intend making a beautiful place of the court-house square. Spruces will be planted on all sides of the block, trees will be set out and everything done to make it an ornament to the town.

The Odd Fellows of Alturas have concluded to erect a fine hall over J. H. Deravan's stone building. The contract for building the same has been awarded to J. H. Deravan, who is to complete it within 90 days.

Seed Frauds.

Several farmers have been swindled on seeds of late. Two or three who bought seed for millet got some that never came up at all, and H. C. Emmons, at Humboldt Lake, put in 25 acres in seed that he bought for millet, but was nothing but weeds. It is only safe to buy seeds from some reliable house, like that of W. R. Strong & Co., or similar ones.

The Nevada Shooting Team. The following named persons have been selected by the committee, from whom the final 30 will be chosen the night before the match with the California team: Messrs. Cowing, Galusha, Burke, Saffell, Thaxton, Parker, Crawford, Cameron, Franier, Borges, Lord, O'Brien, Alley, Cheney.

Cattle Sold.

Jack McCarty of Orleans sold a hundred head of cattle last week for \$40 a head. They were best steers and stock cattle mixed. He kept the calves himself.

A Half Million Hotel.

Several Eastern men of capital arrived in Salt Lake City last Friday looking for a favorable site upon which to build a hotel to cost a half million dollars.

TRUCKEE ITEMS.

Interesting Jots From a Neighboring Town.

The Truckee Republican of September 8th contains the following: Many of the tourists returning to the Bay take with them a supply of our choice mountain butter.

A Truckee man and his son are married to two sisters. Both have children. What relation are the kids to each other.

About 30 tramps arrived in town last night. They are as tough a looking set as has been seen here for many months. Keep your doors well locked.

The local freight business is increasing, and immense quantities are daily unloaded for merchants at Sierra Valley and Lake Tahoe, who are beginning to get in their winter supply.

The gang of tramps and "rustlers," which arrived here last night, made it lively for the passengers on the west-bound overland this morning. No one could walk 20 feet without being accosted with the customary whine: "Mister, can't you assist me to something to eat," etc.

C. H. Harrison and wife, and Dr. Utly and wife of San Francisco, were passengers to Tahoe this morning. That Mr. Harrison and wife fully appreciate the beauties of Tahoe is evident from the fact that they have made several trips to that popular summer resort this season.

Assa Engley met with a severe accident at Wiggins' camp, on Lake Tahoe, this morning. He was swamping for ore of the logging team, and in slipping the limb from a tree he fell and struck him in the calf of one of his legs, cutting a deep gash. He was taken to camp, and one of the men took several stitches in the cut.

Building up the State.

Captain Cook has put in a busy summer at Lovelock. He built a pile driver for Marzen to put his dam in the Humboldt, a house for Pat Reed, several small houses on Mark's ranch and the town hall at the village. The hall is 75 feet deep and 30 feet wide. It is used for preaching, lectures, shows, etc.

Paid His Fine.

Ed. Sweeney of Carson, who was fined \$200 by Judge Murphy for contempt of Court, has raised the coin and paid the fine. Ed. has paid a good sized fortune for what he knows about law.

HOW IT HAPPENED.

Dr. Bergstein Explains the Story of the Asylum Dinner-Table.

Editor Reno Evening Gazette—

Dear Sir—In your issue of September 7th, in an article on "the asylum," you say: "Dr. Bishop, the Superintendent, says that he is taking all possible pains to make everybody who calls feel right at home, at all hours and times. He denies the story started in the papers, that visitors are not allowed to see the patients at their meals, but says anyone who desires can do so." The story was not started in the papers. On August 17 I was in Virginia City; on that morning the Enterprise copied a squib from the Lyon county Times, charging the present management of the asylum with starving the patients. In the course of an interview with the editor of the Virginia Chronicle, I informed him that the patients received a plentiful supply of food, and that the only thing which could possibly have given rise to the rumor was the fact that visitors were not admitted during meal hours, for the reason that many of the inmates refused to eat when stared at by visitors, to which fact I had called the attention of Dr. Bishop, and he agreed with me that we had better exclude visitors from the dining rooms during meal times, and the rule had been enforced for some time, when, upon the appearance of the above-mentioned article, Dr. Bishop concluded to admit visitors at all times, and as he and he alone is responsible for the management of the asylum and its inmates, it is, of course, his privilege to make or rescind any rule he may see fit.

Respectfully,
H. BERGSTEIN,
Asst. Supt. Nev. Insane Asylum,
Reno, Sept. 8, 1933.

Picnic at Peavine.

Last Saturday the following named ladies and gentlemen went out to Lemmons' ranch, at Peavine, and passed what they all agree to have been a most enjoyable day: L. B. Marshall and wife, Dr. Bishop and family, R. S. Osburn and family, J. F. Emmitt and wife, Mrs. John Bowman and children, and Misses Minnie Gibbs, Jessie Finlayson, Molly Anderson, Persia Lemmon, Dora Epley and Persia Bishop; from Long valley—David Evans and family, Mrs. John Snodgrass, Mrs. Black, James Sproule and family, Mr. Wilson, Mr. Ball, Mr. Enyart, and Misses Dora Cantwell, Clara Enyart and Lulu and Mary Evans; from Peavine—Mrs. Taylor, Miss Frankie Gibbs, Mrs. True, Mr. Frick, and W. E. and L. C. Lemmon. The Reno members of the party, without exception, say that they sat down to the best dinner ever spread on a similar occasion.

A Pleasant Gathering.

The anniversary of the birth of Mr. and Mrs. Sol. Levy's little daughter, Della, was celebrated at their residence in Reno, yesterday. A dinner fit for the gods was not the most uninteresting feature of the occasion. Singing, dancing and games were indulged in by the guests, and a more enjoyable affair was never witnessed in the town. The guests were mainly relations, Mrs. Sheyer, mother of Mrs. Levy, Mr. and Mrs. A. Bergman, Mr. and Mrs. M. Cohn, Charles Middelorf and Mrs. Lunkhouser of Carson, and Mr. and Mrs. Henry Morris. Mrs. Shaffer, William Geogel and Fred Levy of Reno. The little one was the recipient of many valuable presents, among which was a \$500 Government bond from her uncle, Mr. Fred Levy; \$100 in gold from her father; and a silver set, embroidered goods from relatives.

Held to Answer.

Ed. Wells and J. A. Peterson alias "Roxey," upon examination by Judge Young, were this morning held to answer before the Grand Jury, for the robbery of Wilder's cabin. These are also believed to be the youths who have recently been making so free with other men's horses.

Ambitious Hawthorne.

Hawthorne is not satisfied with being the county seat, says the Candalaria Type Fissure. It wants more, and is negotiating for Cooper's Hall at Virginia City. Some large figuring is being done to get the Hall and visits from traveling theatrical companies.

As a true and efficient tonic, and one that excels all other iron medicines, take Brown's Iron Bitters.

Seriously Injured.

Yesterday evening says the Carson Appeal as Hank Phillips was driving home his team ran against a tree and he was thrown out of his wagon, sustaining serious injuries. He was taken into Klien's brewery and Dr. White was called to attend him.

Winter Supplies Burned.

Last Friday two Indian children at Washakie farm, Bear Lake, Utah, set fire to the granaries of the tribe, destroying 5,000 bushels of wheat and oats, and depriving them of their winter supplies.
